

BSP. One Bank, Making a difference for tomorrow, today

2011 COMMUNITY CONTRIBUTIONS

BSP is one of the leading corporate businesses in Papua New Guinea and the South Pacific that gives back significantly to communities.

Our commitment to give back to local communities is through a number of initiatives at Corporate as well as branch level focusing on health, education, sports and the environment.

These are typically in the form of school equipment provision and classroom refurbishments, hospital and aid-post repairs, water tank installations, market and public area clean-ups, and support of equipment and funding of various charities.

We believe we have the opportunity to make a difference for tomorrow, today.

Community Contributions

A long term committment to care and contribute

BSP has a commitment to the people of Papua New Guinea and the South Pacific, not only in improving product offers, service levels and access to banking services but also to deliver many life changing community initiatives.

At the heart of our commitment to giving back to the community is the BSP Branch Community Project programme.

This is the most significant community programme offered by any banking organisation, showing our desire to be involved and committed to the communities in which we operate.

At the heart of local communities around Papua New Guinea and the South Pacific, you 'll find a BSP branch - and we love to get involved with these communities where we can.

As the only home grown bank in the region, BSP is reaching out to communities because we truly understand that we have the opportunity to make a meaningful and lasting difference where it matters most.

Using renovated facilities provided by BSP at the Konedobu Clinic in Port Moresby

BSP staff teams regularly visit sick children in the hospitals

About BSP Community Projects

The BSP Branch Community Project programme was initiated as a way for each branch to work together with their immediate local community to deliver community support where it is needed most.

Every BSP Branch designed their own community project after discussion with their community.

Each project involves major planning and staff also devote their own time during weekends.

Everyone in BSP's business – from the CEO to directors, relationship managers, tellers, support staff and suppliers – participates in some way.

Since the programme commenced, BSP has invested Millions of Kina directly to local communities via projects including:

- refurbishing health facilities
- renovating schools
- bringing healthcare to communities
- installing water supply to schools and
- constructing new market buildings.

Local Sponsorships

Supporting worthy causes and organisations that make a difference

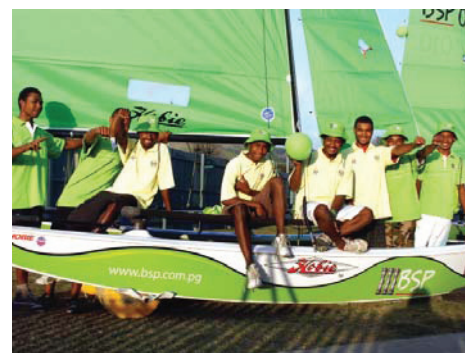

Covering a broad spectrum of sporting, artistic and community affiliations, BSP is committed to supporting a range of organisations - all who are focussed on enriching communities and helping people achieve their goals.

We recognise larger community causes through our National Charity Partners and we provide vital support and funding whenever possible.

Every day, thousands in the South Pacific rely on the invaluable services of national charities. That's why BSP works hard with a variety of National Charity Partners so that together we can raise funds and awareness for some of the regions worthiest causes.

Lending a hand to BAH

Supporting Sailing

Beyond the BSP Branch Community Project programme our focus is on supporting activities, events and groups that help all in the South Pacific, especially young people, to:

- Lead active and healthy lifestyles
- Develop skills and encourage learning
- Care for our environment

Some of the events & organisations BSP has supported in 2011

BSP sponsors the AFL Port Moresby competition and supports the Koboni Club

Caring for the Environment

Making the Environment a consideration in everything we do

We are proud to be the 'Green' bank. As one of the South Pacific's largest organisations, BSP recognises the effect it may have on the environment and therefore we're committed to finding ways to reduce any negative impact and enhance the environment we live in.

That's why we take our environmental and social responsibility seriously. Through key partnerships and support for vital environmental projects we strive to give our customers not just value and quality, but peace-of mind as well.

As part of our environment strategy, we support organisations and initiatives that foster an understanding of environmental issues and provide practical support to building sustainable communities.

We are also exploring ways to decrease our environmental impact in the operation of our branches by reduction of resources and materials being used wherever possible.

BSP is incorporating re-use and recycling into our branches and reducing our reliance on conventional disposal methods, decreasing the amount of non-recyclable waste across the BSP network.

BSP staff and families clean up a in Port Moresby

BSP staff clean up Ela Beach in Port Moresby

BSP continues as a supporter and participant of the Clean Up The World major annual event. Thousands of people, including school children participated in this annual event.

BSP staff clean up Tabari Place in Port Moresby

QuickFacts

- BSP created the South Pacific's "Go Green" programme - a year round initiative, including two Annual Clean Up Day events conducted throughout the South Pacific
- Throughout the year, BSP teams and managers join their local communities to help clean, fix up and care for the areas within their community.
- BSP is the only bank to wholly fund, organise and coordinate Clean Up events in every territory in which it operates. Tonnes of waste are collected. The programme aims to re-educate men, women and children of the importance for good environmental practices.
- Through Go Green 1000s of trees and mangroves have been planted since the launch. Individual environmental events across the South Pacific continue year round.

- BSP is a supporter and participant of most major environmental initiatives including Earth Hour, designed to clearly connect energy use with climate change and to show that small actions can make a real difference to global warming.
- BSP has increased its commitment to recycling. 100s and 100s of tonnes of waste paper have been recycled by BSP in 2010, 2011 and 2012.
- BSP has achieved 30% saving in energy by installation of new low energy lighting in branches.

Sports for Life

Encouraging children and adults to lead active and healthy lifestyles

Encouraging “Sport for Life”. Our focus is on activities that improve the health and well being of children. We contribute to sporting organisations that develop kid’s and young people’s sports skills and provide opportunities for them to play, have fun and lead active healthy lifestyles. **Here’s a look at just some of the health and lifestyle initiatives of BSP:**

Tennis

The BSP Tennis Programme is a junior development programme conducted nationwide throughout PNG, designed to introduce kids to tennis and another “sport for life”. PNG Tennis staff have travelled to conduct programs that enable school children to identify their potential and encourages teachers to use the sport during physical education lessons. In 2011, this programme reach over 5000 children.

Abigail Apisah and dad Kwalum help coach children in the BSP Tennis programme

Geraint Jones, PNG Barramundi (National PNG team), with participants of the BSP School Kriket Programme, at Bavaroko Primary School, Port Moresby.

Cricket

BSP is the major supporter of The BSP School Kriket Programme, designed to encourage more children to participate in this fun, “sport for life” oriented sport and encourage kids to be active. The BSP School Kriket Programme was awarded the 2011 ICC Global Award for the Best Junior Participation initiative - this is the second year in succession. In 2011 it reached 300 schools and just over 116,300 participants.

In 2010, it was awarded ‘Best Junior Development Initiative’ regionally at the 2010 Pepsi ICC East-Asia Pacific Development Programme Annual Awards and went on to receive global recognition by being named “Best Junior Participation Initiative” globally at the 2010 Pepsi ICC Development Programme Awards.

PNG Swimming Champion, Ryan Pini in Port Moresby with young swimming enthusiasts

Swimming

BSP is a major sponsor of PNG Swimming Inc and this involvement includes sponsorship of selected swimming meets, and support for programs designed to encourage children to compete and have fun. BSP is also major sponsor of celebrated Papua New Guinea swim sensation Ryan Pini, MBE.

Paralympics

BSP is a major sponsor of the PNG Paralympic Team, committing not only funds, but people and resources to support the athletes. By supporting Paralympics in the country, we aim to give athletes living with disabilities the opportunity to achieve their sporting dreams. In 2011, the PNG Paralympic Team did PNG proud by winning 13 medals in total, 6 Arafura medals (2 gold, 2 silver and 2 bronze) and 7 Oceania Paralympic Championship Medals (2 gold, 2 silver, and 3 bronze). In the 14th Pacific Games in New Caledonia, Francis Kompaon won Gold in the 100m ambulant while Elias Larry took out Silver.

BSP School Sports Ball Programme

BSP launched the School Sports Programme in 2010, committing hundreds of thousands of kina in sporting equipment, distributed to schools throughout PNG. In 2011, sports equipment pack for the sports: volleyball, soccer, rugby, AFL, netball, basketball, tennis and cricket, distributed throughout PNG.

These are just some examples of BSP’s commitment to sports and encouraging children and adults to lead active and healthy lifestyles.

Bank on the Move

The banking experience

More choice, more service, more convenience

At BSP, we believe in providing our customers with the widest range of quality convenient banking services. That's why we continue to develop a range of banking services to suit the different needs of our customers.

We offer more choice - more ways to bank with our range of service offerings more ATMs, more EFTPoS and more branches including BSP Express, BSP Priority and BSP First.

BSP is delivering banking to the most remote and rural areas. Electronic banking via BSP's huge EFTPoS network means the bank is close - no matter where you live.

Throughout the region, we're opening new state of the art BSP branches to improve the banking experience and to bring more service to more people in the South Pacific every day.

We continue to expand and enhance our online internet and electronic services to ensure that the South Pacific's favourite bank is always close at hand.

BSP is a vibrant, energetic, innovative and creative banking organisation.

QuickFacts

- BSP has the largest branch network and is opening Rural branches in remote areas.
- BSP was the first bank in PNG to introduce a container branch. The first container branch was opened in 2010 at Motukea on the outskirts of Port Moresby.
- Our EFTPoS network now consistS 5,700+ and are even in rural areas
- Largest ATM network and most open 24/7
- BSP was the first bank to introduce Mobile Banking in PNG in 2009.
- BSP is expanding and enhance our online internet and electronic services

BSP continues to roll-out ATMs, here a customer uses a new ATM at Hohola

Mobile Banking, educating new users and providing them with a bank account (previously impossible).
